MAYSVILLE, KENTUCKY, WEDNESDAY, MAY 25, 1921.

ONE COPY—TWO CENTS.

## TAX SUPERVISORS WILL COMPLETE THEIR WORK TODAY

Board Has Endeavored To Really Equalize the Taxation of Maysville—Much Personality Is Added To List.

After having gone over the city tax list several times in an honest effort to equalize the taxation of the city rather than to lower or increase it, the City Board of Taxation, which has been in session now for several weeks, expects to complete its work Wednesday and turn the completed assessment books over to the city officials.

In many respects, this has been the best Board of Equalization Maysville has had in years. The board was composed of Hon. W. H. Cox, former Mayor, James M. Collins, former City Attorney and practicing attorney, and F. Devide, real estate merchant and probably the best posted man in Maysville upon property valuations. The board was therefore quite especially qualified for its duties and they have been performed well.

In many cases the assessment has been decreased and in many instances the assessment has been increased. Probably the outstanding feature of this board's work is the great increase shown in personality. The board has added three hundred automobiles on the city tax list upon which the city has never before derived one penny's taxes.

With an equalization of the assessment on real property and a considerable increase on personality assessment, the Board will turn over to City Council an assessment which will be just about the same as last year's with probably a small increase. With the personality, found by this year's board off the list, the total would show a decrease over last year's assessment.

### DON'T START ANYTHING AT POSTOFFICE NOW.

It would be very unwise to start any thing at the local postoffice now or to attempt to hold up any of the railroad postal clerks or mail wagon drivers. The local postal employees were Tuesday all fitted out with the most ugly looking weapons we have seen yet. The revolvers are .45 caliber and look more like a young cannon than a revolver. All postal employees are now required to carry these weapons while on duty.

## LAW DISFRANCHISING PISTOL TOTER HELD VOID

Court of Appeals Knocks Out Act In Force In Kentucky for the Past Three Years.

Frankfort, Ky., May 25.—Gov. E. P. Morrow probably will be importuned for pardons, following a decision of the Court of Appeals Tuesday that the 1918 amendment to the "anti-pistol totting" law, disfranchising persons found guilty, is unconstitutional. The act has been in force three years.

The act gives magistrates jurisdiction over first offenses to impose punishment of fine and imprisonment, with directions to certify the conviction to the Circuit Court, which then must enter a judgment disfranchising the guilty person for two years. Lower courts have no jurisdiction to enter such a judgment.

Colston Bowman, who drew ten days and \$100 in the Glasgow Police Court, fought disfranchisement in the Barren Circuit Court and the judge refused to enter the judgment. The Commonwealth appealed, but the Court of Appeals in an opinion by Chief Justice Hurt, concurred in by the entire bench held that the provision is void.

### HORSESHEOE BAND'S FIRST PUBLIC CONCERT FRIDAY.

Manager J. Barbour Russell announces that the Horseshoe Band will give its first public concert in the band stand Friday evening and it is expected that a great crowd of boosters for this band will be on hand to give them the glad hand.

The program follows:

"America."  
"Courage March."  
"Commencement Overture."  
"Headway March."  
"Dainty Dear."  
"Rosalind Waltz."  
"Excelsior March."  
"Organ Echoes."  
"Success March."  
"Star Spangled Banner."

### BAND TO FURNISH MUSIC AT FLEMINGSBURG MONDAY.

The Maysville Boy's Band will furnish music Monday at a Memorial Day celebration to be held by the Flemingsburg American Legion Post. So far no arrangement has been made for Memorial Day celebration in Maysville.

Mrs. Wadsworth Clarke, of Chilo, Ohio, is the guest of relatives and friends here.

## COUNTY JUDGE OF FLEMING WOULD BE NEXT CIRCUIT JUDGE

Judge C. W. Fulton, of Flemingsburg, Announces as Candidate for the Democratic Nomination.

C. W. FULTON.

In announcing as a candidate for the Democratic nomination for Circuit Judge, Judge C. W. Fulton, of Fleming county, issues this statement:

When a member of the Legislature in 1910, I fulfilled every promise I made to the people. I stood for a lower taxation and was instrumental in reducing some of the public expenses of the state.

As Judge of Fleming county since 1914, I have kept my promises and call your consideration to the following facts:

The county has, at this time, no outstanding indebtedness of any kind. The county has \$16,000.00 worth of good road machinery secured since 1914.

The county has reduced its tax for the General Fund, five cents.

The old jail notes have been paid and the county has constructed several new roads and bridges.

The above has been achieved by the co-operation of one of the best Fiscal Courts in the state.

The records are open to inspection.

MRS. MISS AND MR. VOTER

IF ELECTED CIRCUIT JUDGE

I WILL NOT permit dallying and procrastination in the court, thereby save time to juries and litigants, and money to the Commonwealth.

I WILL NOT change indictments from felonies to offenses punishable with a money fine, without defendant and substantial evidence before the court.

I WILL NOT render judgments in Commonwealth cases, upon motion thus setting aside the action of the Grand Jury, without having heard the evidence.

I will treat all men and women (the high and the low; the rich and the poor; the big and the little) just the same.

C. W. FULTON.

### GERMANTOWN ODD FELOWS INITIATE TUESDAY.

A class of candidates were initiated by Victory Encampment No. 40, I. O. O. F., at Germantown Tuesday evening. ### WOOL WOULDN'T BUY FARMER GOOD SUIT.

A prominent farmer of Southern Ohio this morning brought his wool to Maysville and sold it to a local dealer. The wool which had been clipped from 72 head of sheep brought the farmer \$34. He said he had expected the wool would at least bring him \$40. or enough for a good wool suit.

### CARD OF THANKS.

We take this means of expressing to our many friends our great appreciation of their kindness during the illness and death of our baby boy. Especially do we thank Dr. W. S. Yazell and Dr. A. R. Quigley for their careful ministrations.

MR. AND MRS. JAMES DOWNING.

### WED IN COVINGTON.

A marriage license was issued at Covington Tuesday to Lee Stayton, who gave his home as Maysville, and Alice Pleasant, of Covington.

## MISUSE OF FUNDS CHARGED TO TRUSTEE OF COAL CO.

Company in Which Mason County People Are Interested Is Again in Litigation.

Removal of Fred D. Wood as trustee of the properties of the Wallins Creek Coal Company, appointment of a new trustee and a receiver to take charge of the properties, a speedy sale of all assets and a distribution of the proceeds, are sought in a suit filed in the Circuit Court at Louisville Tuesday by Tipton L. Young, R. B. Winkler, R. W. Johnson, L. A. Bowling and Lewis Apperson, stockholders and former officers and directors of the company.

Allegations were made that Mr. Wood has used improperly large amounts of the trust funds by applying them to his individual use and by loans to the Kentucky Rock Asphalt Company and other companies in which he is financially interested.

Objection also was made in the petition to the \$1,000 a month salary that Mr. Wood pays to himself as trustee.

The company was organized under the laws of Arizona in 1915 and thereafter Mr. Wood was president until the company was dissolved March 14, 1918, at which time he was named trustee by a majority of the stockholders.

He is now president of the Kentucky Rock Asphalt Company and is devoting his entire time to the business of that corporation, and not any part of his time in an effort to sell the assets of the coal company or to make any distribution of the funds now held by him as trustee, the petition alleged.

The petition was filed by Percy N. Booth, Louisville, and Mr. Apperson, Mount Sterling, Ky., attorneys for the petitioners.

## KENTUCKY MAY HAVE TO NOTICE OTHERS' ROAD MOVES.

Minnesota's \$100,000,000 good road project, to improve highways connecting the principal towns and the ten thousand lakes for which the state is famous, was launched last week.

Charles M. Babcock, state highway commissioner, has organized a maintenance force of more than 1,000 men, with a patrolman for each five-mile section with special gangs to keep the gravel roads in the best condition until paving is laid over the entire 7,000-miles system. Actual operations started May 1. Contracts for additional hard-surfacing will be awarded soon, according to the highway department, which will spend approximately \$10,000,000 on highways this season and increasing amounts each year thereafter.

The Babcock good road plan was adopted at the last election and put into effect by the legislature which has just adjourned.

Improvements will be financed with the proceeds of a 2 per cent. tax on the list price of motor vehicles, in lieu of other levies. A state and valorem tax levy of 1 per cent. and local levies will be continued to provide funds for improvement of lateral, or feeder roads.

Minnesota already has long stretches of paving on arterial routes and hundreds of miles of smooth gravel roads. Completion of the Babcock plan will mean a good road to every farm gate in the state and the highway department predicts that the most important lines will be hard-surfaced within five years.

Kentucky may yet have to come to something like this if it is to have a very extensive road system. It is not probable that state bonds can be voted, but increased motor taxes could well be levied. — Owensboro Messenger.

## LADY ASTOR AND PARENTAL AUTHORITY.

Lady Astor, America's contribution to the House of Commons, jarred the sedate members of that body into many expressions of perturbation when she delivered Friday afternoon what a correspondent described as "one of her sermonettes." Her denunciation of laws "made by men for men" is said to have turned "an otherwise dull sitting" into one of lively interest. She was speaking in support of a bill to make the mother of a child its joint guardian with the father, providing equality of authority, right of responsibility for the parents. "Few mothers know," she said, "that no mother has a legal right over her child."

She was speaking of course of England. She might have been speaking of certain states in this country. Doubtless there was widespread amazement recently when a speaker at the national convention of women voters mentioned the adherents of several states to the ancient theory of an exclusive paternal rule over children. With the appearance of women in politics the public is beginning to learn of some inequalities based on sex distinctions that are wholly repugnant to modern conceptions of justice.

In England, the plain-spoken Lady Astor is leading the way to a better understanding. Despite its "oh's" and "ah's," the Commons voted with her Friday afternoon, and her bill went to a second reading.—Wilmington, (N. C.) Star.

## PRICE OF BUTTER AND EGGS NOT ONLY SIGN OF GOOD TIMES.

When folks speak of "gold old times," their minds run back to the decade between 1890 and 1900. They were the last years of the old America. In those years no one was especially worried about social and economic problems. Life ran in a fairly smooth groove. Eggs sold for about 12 cents a dozen and butter for a quarter a pound. Millionaires were few. It seemed easier to get along then than now.

But if the increase of 450 per cent. in the number of high schools in the United States since 1890 means anything, it means that we are better off than that generation. The tremendous increase of high schools must be interpreted as indicating a wider distribution of prosperity and a consequent desire on the part of parents to make the lives of their children richer than their were. In the last generation the high school was largely the well-to-do family's luxury. Today it is the preparatory school of the worker's child and for his benefit the modern city high school has become a vocational training center. Then many men liked to say that what was good enough for them was good enough for their children. Today most men say nothing is too good for their children.

The 90's gave us cheap butter and eggs, but the harder twentieth century has sharpened our vision for self-improvement and social betterment; has popularized higher education and, through education, has enlarged our needs. These needs cost us more and make our work harder than the simple needs of 1890 and 1900, but they are worth working for. These are the better times.—Bowling Green Times-Journal.

## WHAT A BOARD OF TRADE CAN DO.

The Lexington Board of Trade demonstrated at one stroke what they were worth to the community, by securing a reduction of all coal rates coming into Lexington, which means a saving to the steam coal users alone of fifty thousand dollars a year. The new rates apply to all coal shipped and incidentally Mr. Average Citizen gets some benefit too; if he used domestic coal.

They have given a good illustration of what concerted action will accomplish. Give your home Board of Trade all the encouragement, for while they may not get as big results they will certainly do you good. They don't always hit what they shoot at but have a way of hitting something. Boost them along.—Jackson Times.

## BRITAIN ALSO PAYS.

The British are in much the same boat as Americans as regards Federal war-time operation of the railroads. The English government has just appropriated £51,000,000 to pay claims arising from war agreements with the roads.

Amazing Gifts of Stirring World  
Figure Immortalized in Stirring  
Society Drama, "The  
Wonder Man."

The elite of Washington society forms the background for "The Wonder Man," the Robertson-Cole super-special picture, starring George Carpenter, idol of France and European heavyweight champion, which will be shown at the Pastime theater Wednesday.

This unusual drama of American society, directed by John G. Adolfi, for Robertson-Cole, promises a revelation in motion pictures of the newer and better sort. The versatility of Carpenter, according to eminent critics who attended recent pre-review, will prove a great surprise to lovers of the cinema art.

Based on an intriguing story of love

and mystery, in which Carpenter is given opportunity to display his capacity as a boxer, a sportsman and as a gentleman of the first order, "The Wonder Man," should prove to be one of the most commendable productions that the Pastime management has ever presented.

Included in the picture is a boxing bout, with men of national and international prominence forming the audience. At the time the boxing scene was taken more than 2,000 persons packed the studio. This realistic scene said to be the most perfect of its kind ever filmed in the history of the screen, shows Carpenter in the ring for the first time on this side of the Atlantic. He fight four fast rounds with a worthy opponent.

Among other commendable reports on "The Wonder Man" received from critics who witnessed the pre-review, is the sensation created by the superb acting of Carpenter. His ability as an actor of the first magnitude prom-

INNOULATED SOYBEAN SEED  
WILL GIVE BIGGER YIELDS.

Innoulation of soy bean seed before planting results in a 50 per cent. increase in the yield of both seed and forage and a similar increase in the percentage of protein in the forage and seed, according to Ralph Kenney, crop extension specialist from the College of Agriculture. Experience has shown that innoulation is necessary in order to obtain the best results with the crop. Some creek and river-bottom land in central and western Kentucky have been found to produce good yields of soy beans in spite of the fact that the seed was not innoulated. Soil

New York.—The road commissioners or whoever it is of Oyster Bay knows something about the psychology of advertising, as well as of the prosaic matter of making roads. Motorists on the north shore of Long Island meet with many kinds of signs giving warning of steep hills or sharp turns. This is especially true of the Shore road, which traces the coast line of the Sound. But it is a sign near Oyster Bay that really makes the speeding motorist think and hesitate. "Slow down," it says, "dangerous hill. nearest hospital nine miles away."

Maybe it's the example of Mrs. Lydia Hoyt and her plunge into the movies which has spurred her sister, Mrs. Van Renfsema C. King, equally prominent in New York society, into doing something still more startling. Mrs. King calls her enterprise "a business career." Anyway, she has just established a firm known as the Town and Country Secretariat, Inc., which proposes a place qualified persons in that

particular "set" of society to which they are best adapted. When the particular social luminary has "arrived" Mrs. King's headquarters will advise her steps as she treads the mazy path of social success.

What is work? And why do you work? Is marriage work? Those are a few of the questions the National Board of the Y. W. C. A. is going to find out about. Now that Thomas A. Edison has started a flood of academic questions abroad in the land, the Y. W. is going to send out a list of decidedly practical ones. Personal opinion, not the verdict of historians of geography, will be what's wanted as replies. A Convention resolution was adopted by the Board recently for the studying of the place and significance of work in the life of woman and then — here's the particularly practical note — for the promotion of the necessary instruction. The questionnaire being compiled will ask for a definition of work, and including that disputed question noted above, avert marriage. Then it will ask why the questioned person works. For necessities? A desire for self-expression? Among the other questions already framed are: What is the value of work? Why is having to work sometimes regarded as undesirable? If you were married, would you work? What

reward does a married woman receive for caring for her home? Does a home-maker have to spend as much money as before she was maid? From the replies to these queries — and many more — the Y. W. Classes will be planned to meet as best they can what seem to be the chief demands for vocational training.

Gone are the days when prestige and flash of uniform holds the heart. "I don't like this game; there's no money in it," said Policeman Alvin M. Gehrke, the other day as he walked up to Lieutenant Fleming, took off his shield and handed it to the lieutenant. "I quit." Pressed for a reason, Gehrke explained that he was going to drive a pie-wagon. It paid better. And none of the advanced urged on the side of being a policeman with a badge and authority and everything compared, in Gehrke's mind, with the pay and the joy from driving pie about the city streets.

One can see almost anything in New York. And frequently does. For instance: the other day from a train on the Sixth avenue elevated, I looked into the windows of a loft on Christopher street, right at a nice live GOAT, munching away on a bunch of hay. Why a goat was kept there and how and all the rest of the story, I can not imagine and shall probably never

know. But it was there.

—NY—

It certainly was interesting the other night at the Annual Aft Model's Ball held at Tammany Hall. It was intriguingly called "a true village carnival," but that wasn't the particularly interesting thing about it. Picking out the girls you had seen pictures in your favorite brand of hosiery and talcum powder and pretty nearly everything else you buy — that was the thing that held you long after the hour when you were expected safe within the walls of your own apartment. They really DO look like their pictures. Probably especially so because a good many of them came dressed as they are in the ads — within reason, of course.

## Economy rides on U.S. Tires-

IF you could get together all the car owners you know, you'd probably find that their tire experiences had been much the same.

Most of them have taken their fling at "job lots," "discontinued lines" and "surplus stocks." Soon or late, nearly all settled back on quality first as the one sound assurance of tire value.

As soon as a man forgets the cut-price tag, and comes to the dealer who concentrates on a full, completely sized stock of U. S. Tires—he learns what it means to get fresh, live tires—not once in a while but every time.

Not merely in the big cities, but in his own home town.

Not merely for the heavy car, but for the medium and light-weight car—a full selection of size, tread and type.

Your U. S. Tire dealer can give you this service because of the service he gets from his neighboring U. S. Factory Branch. There are 92 of these Branches. Each gets its share of U. S. Tires, so that the dealer is always supplied with fresh, live stock.

U. S. Tires sell as fast as they are made.

There is no over production. No surplus piled up waiting for a "market."

Wherever you buy a U. S. Tire—you buy a tire of current production, as full of life and value as the day it left the makers.

Just as Scores of Maysville People Have.

Waiting doesn't pay.  
If you neglect kidney backache, urinary troubles often follow.  
Doan's Kidney Pills are for kidney backache, and for other kidney ills. Ask your neighbor.

Maysville citizens endorse them.  
Ben P. Fleming, country constable, 228 Limestone street, Maysville, says: "I have used Doan's Kidney Pills off and on for several years when I have needed them. I always get Doan's at Wood & Son's drug store. I have been greatly benefited by them. At times my kidneys get out of order and I suffer with a dull constant ache through the small of my back and the kidney secretions are irregular in passage. A box or so of Doan's have never failed to relieve the trouble in a short time."

The above statement was given November 14, 1916, and on November 22, 1920, Mr. Fleming added: "I am glad to renew the statement I gave for publication some years ago as the cure Doan's Kidney Pills made for me is still permanent. I confirm my former statement in every detail as it was all true."

Price 60¢, at all dealers. Don't simply ask for a kidney remedy — get Doan's Kidney Pills — the same that Mr. Fleming had. Poster-Milburn Co., Mrs., Buffalo, N. Y.
